Dear Mr. Williams:

The Division of Oil, Gas and Mining has received the updated mine map with the annual report. Enclosed is a copy of the mine map stamped approved for your files. Please keep your plan current by submitting changes using Form MR-REV, which is located on the web at:
http://linux3.ogm.utah.gov/WebStuff/wwwroot/minerals/permit_forms.html.

If available, please provide an electronic copy of the proposed mine disturbed area in CAD or GIS shape file format. The preferred datum for shape files is in NAD83. Contact Mike Bradley at 801-538-5332 or by e mail at mbradley@utah.gov for further information or questions.

The current surety is **\$196,500.00** in the form of a surety bond with Westchester Fire Insurance Company. The surety is scheduled for review in January 2017.

All future correspondence should reference M/037/0084. Thank you for your help and patience in finalizing this permitting action. Please call me if you have any questions in this regard.

Sincerely,
